

Effectiveness Assessment Policy

This policy on effectiveness assessment helps ensure that the Zonta Foundation for Women has defined measurable goals in place to evaluate the success and impact of educational programs and service projects of Zonta International on its part. Therefore, the following requirements have been established:

 - The measures used to assess the performance and effectiveness of the educational programs and service projects of Zonta International.
 - Analysis of the effectiveness of the above-mentioned programs and projects.
 - Recommendations of future actions to be taken to increase effectiveness and achieve Zonta International's mission and vision.
